Enclose two (2) checks: \$10.00 non-refundable application fee and one totaling below:

Electric Fee: \$15.00 for each 110 outlet and \$25.00 for each 220 outlet.

Electrical Hookups (please read carefully)

The June Jubilee Festival has a limited supply of electrical outlets; therefore we must understand your exact electrical requirements to determine if we can service your operation, and if so, where you will be placed. Please supply the information requested below so that we may make this determination. You will need to bring extension cords sufficient to run to your power location. If you will need 110 power, a 100ft. extension cord will be sufficient. If you will be using 220 power, our electrician has advised us that you will need a 1450R plug. If you do not have the ability to find this adaptor, please contact Tim Smelcer at (865) 397-7006. In order to prevent electrical circuit overloads, you will not be allowed any more hook-ups on Festival Day than those requested below. Due to electrical supply limitations, fans will not be allowed at the festival. Please prepare for the heat by stocking plenty of water for personal use. In addition no generators will be allowed.
